

HHSEG WINS RECOGNITION FOR 2010 CONFERENCE PROGRAMME IN ALAN BUTLER AWARDS (RoSPA)

Hampshire Health Safety and Environment Group are members of the National Safety Group organisation "[Safety Groups UK](#)".

Each year with other groups such as ours we enter into competition to see who, in the judges view, has put together the most informative or interesting programme of events among the safety groups. We have already achieved the "Highly Commended Award" for 2008/09 and strive to convince the panel that we are worthy of the ultimate recognition.

This year we congratulate the award winners and thank the Judges for considering our entries and awarding us recognition in the 2010/11 awards.

We normally enter our Conference against the programme section and although it is a once in every 2 year event it is pleasing that it is afforded this recognition. We strive to provide our members with an informative programme each year that aligns itself to the needs of our membership and we aim this at Small to Medium Enterprises which is unique among our peer groups.
